Instructions for Authors

Authors are kindly invited to submit articles of up to 10 pages (including figures, tables and references) that must follow the LNCS (Lecture Notes in Computer Science) formatting guidelines. Papers must be written in English, carefully checked for grammar and spelling, addressing one or several conference topics. Latex style files can be found on the Springer website, which also contains Office Word instructions.

Contributions have to be submitted electronically through the conference portal. *Please check the conference website for details*.

Only original work will be considered. Hence, authors should make sure that their submissions do not substantially overlap works that have been already published or simultaneously submitted to another journal or conference. Papers that contain any form of plagiarism will be automatically rejected before the reviewing process. Original submissions will be examined thoroughly by at least two referees, and all accepted papers will be published in the conference proceedings.

Registration

Each accepted paper must be presented by one of the co-authors or by a qualified substitute under the prior permission of the Conference Chair.

All registration packages include conference bag, and give access to all conference sessions, tutorials, all lunches and coffee breaks. Student fees are applicable only to full-time students. Students must present a proof of their student status (student ID or certificate) at the registration desk.

Registration packages

- Full registration: **12.000 DZD** (including accommodation, upon prior acceptance of Conference Chair)
- Regular registration: **8.000 DZD**
- Student registration: **6.000 DZD**
- Non-author registration: **12.000 DZD**

NB: Full registration includes up to 2-night accommodation. Prior acceptance of the Conference Chair is mandatory before proceeding to full registration.
